## WORK EXPERIENCE

### Web Alchemy Digital solutions

MAY 2024- AUGUST 2024

FullStack Developer-Intern

- Led the UI development of the LivRegalia website, enhancing the user interface with React.js, JavaScript, and CSS.
- Added new features and optimized existing ones, improving the website's functionality and user experience.
- Utilized various libraries for efficient development and ensured cross-browser compatibility and responsiveness.
- Played a key role in maintaining and updating codebase for scalability and long-term efficiency.

## MY WORK

### Analog Clock

- Developed an analog clock using HTML, CSS, and JavaScript, exploring the coordination between these technologies.

### Flipkart Clone

- Replicated the user interface of Flipkart using HTML and CSS, focusing on refining CSS skills and design principles.

### Amazon Clone

- Leveraged previous experience to create a user interface clone of Amazon, further honing design skills and attention to detail.
- Mobile Responsive Web App
- Enhanced websites for mobile responsiveness, delving into advanced CSS properties to optimize user experience across devices.

### TicTacToe

- Constructed a web-based TicTacToe game utilizing HTML, CSS, and JavaScript, deepening proficiency in JavaScript programming

### Animation Website

- Explored animation techniques in web design using libraries such as Locomotive and GAP, resulting in dynamic and engaging websites like Megmaweb, Miranda, DuoStudio, Couches, and TheShift.

### Web page using React

- Employed JavaScript and React library to develop a routing webpage, showcasing efficient and dynamic user navigation, complemented with Tailwind CSS for styling.

### FullStack website -CodeMastermind

- Established a comprehensive tutorial website covering HTML, CSS, and JavaScript, integrating quizzes to enrich learning experiences. Utilized React.
- Tailwind CSS, Node.js, Express, and MongoDB for full-stack development.
